

Clinical CPT Manager

Benchmark360™ Clinical CPT Manager is designed to help organizations understand the impact of changes to Evaluation and Management (E&M) codes on **payor reimbursement, reported physician and APP productivity levels, employed and independent physician compensation arrangements and budgets.** It can also aid in identifying potential fair market value and commercial reasonableness implications.

Analyze and compare your organization's CPT coding distribution against national physician and APP clinical benchmarks at the specialty, work RVU and CPT level.

Coding Distribution

- Custom benchmarks for your organization
- Automation to remove data and reporting errors
- Multi-year coding profiles and trends
- Filter and configure views of APP and physician coding details for clearer insights
